

# Settled Ukraine Advice

**Settled Ukraine Advice is a service providing free, accredited advice on immigration and associated rights for Ukrainians in the UK**

**The service provided by UK charity Settled is led by a Ukrainian solicitor. As with all Settled services, we communicate in your native language, or English.**

### **Settled Ukraine Advice gives advice and support to Ukrainian citizens:**

- who were forced to move to the UK because of the war
- who are outside the UK and need help applying for a visa under the Homes for Ukraine Scheme
- who already had permission to be in the UK
- who need help applying for a Ukraine Permission Extension Scheme (opening early 2025)

### **We provide direct advice and support, and can escalate to the Home Office if:**

- you have been waiting for a decision on your visa or BRP for 8+ weeks
- you have questions about why your visa was not approved
- you need help with your visa application
- there were mistakes in your documents
- your baby was born in the UK, and you need assistance applying for a visa under the Ukraine Extension Scheme
- you already have a Ukraine Scheme visa and want to reunite with your minor children in the UK
- you arrived in the UK through Dublin (Ireland).

**We also give advice to sponsors who host Ukrainians under Ukraine schemes, and to third party organisations supporting Ukrainians in the UK.**

Our immigration lawyers are Level 3 OISC accredited (the official governing body for immigration service providers in the UK).

Please send your enquiries to:

<mailto:ukraineadvice@settled.org.uk>

We generally reply by email, but can phone you internationally if easier.

The rules for entering the UK and the conditions for staying in the country are constantly changing.

We give regular updates on Ukrainian schemes in our 'Settled Ukraine Advice' Facebook group, such as:

- what types of visas Ukrainians can currently obtain
- how to apply for a visa correctly;
- under what conditions unaccompanied children below the age of 18 can come to the UK

Key information is also found in our Ukraine FAQs page, and in our leaflets (on what to do if threatened with homelessness, for example).
